NPIC/D-81-63

MEMORANDUM FOR: Assistant to DD/I (Administration)

SUBJECT: Designation of Scientific Pay Scale Positions in the National Photographic Interpretation Center

1. Mr. Lundahl and I have reviewed again the NPIC position structure, the personnel we now have on hand, and our recruitment program in an attempt to determine the present necessity for NPIC having Scientific Pay Scale Positions. There is a small number of positions which could conceivably fall within the ground rules set forth for the designation of SPS positions, but the need to up-grade these positions either for the benefit of personnel on board or as a major factor in our current recruitment plans is not present.

2. In summary, at this time we simply do not have a demonstrable need for requesting any such positions and do not choose to do so. It may be in a year or so the situation will have changed sufficiently to require us to reconsider the matter.
